

Verandahs, Patios and Carports

Outdoor Living with style

**Australian-made designer
additions for your home**

Enjoy year-round outdoor living while adding style and value to your home with the LYSAGHT Living Collection® range of verandahs, patios and carports.

From outdoor entertaining to protecting your car, there's a LYSAGHT Living Collection® addition in a range of styles and colours that's right for your home.

Trusted for quality and innovation and made using genuine COLORBOND® steel, every LYSAGHT Living Collection®

structure is fully engineered to Australian Standards. It won't warp, chip or peel, it doesn't need painting, it's rot and termite resistant and backed by the security of Australia's largest steel maker – BlueScope Steel.

LYSAGHT Living Collection® – the smarter choice for your home addition.

Design choice

Options for every home

There's a LYSAGHT Living Collection® style to suit your home and budget.

The key is design flexibility. Choose from Skillion or Pitched rooflines with a range of Designer options to reflect your style and good taste.

Choose also from 100% Australian-made COLORBOND® steel in a wide range of colours, a variety of translucent sheeting options or a combination of both to provide just the right mix of light and shade.

Freestanding or attached every LYSAGHT Living Collection® home addition is custom engineered to your specific requirements. Choose from popular LYSAGHT® roofing profiles like CUSTOM ORB®, TRIMDEK®, SPANDEK® or FLATDEK® with matching gutters and downpipes.

Remember – with LYSAGHT Living Collection® the choice is always yours.

Skillion range

**Strong, durable and
easy to erect**

A classic Skillion flat roof blends
seamlessly with any home.

**Stylish and affordable, a
Skillion flat roof is the ideal
way to cover your entertaining
area, verandah or carport.**

A LYSAGHT Living Collection®
Skillion roof structure can be
freestanding or attached to your
home and is custom engineered
specifically to your requirements.

Made from quality Australian-
made steel backed by
BlueScope – Australia's largest
steel maker – your peace of
mind is assured when you
choose from the LYSAGHT Living
Collection® range.

Pitched range

**A spacious design for
your outdoor area**

A Pitched roof gives a more open, spacious feel to your home entertaining area, verandah or carport.

Your LYSAGHT Living Collection® Pitched roof addition is available in Gable, Hip or Dutch Gable styles, opening up a virtually limitless range of design possibilities.

Built using components made of 100% Australian-made COLORBOND® steel in a wide

range of colours, with the option of a variety of translucent sheets for the ideal mix of light and shade, a LYSAGHT Living Collection® Pitched roof addition can be freestanding or attached and is backed by Australia's largest steelmaker – BlueScope.

Designer range

**The ultimate finishing touch
to your home**

Ultimate design flexibility to create
a look and feel just for you –
that's the promise of the LYSAGHT
Living Collection® Designer range.

Mix and match design
elements like a Skillion roof
with Pitched Gables; the
choice is yours with our
Designer Range.

Maximise the versatility of
your outdoor entertaining area,
verandah or carport while tailoring
a design specifically to your
lifestyle and property.

Match the profile and colours of
your home; choose the right mix of
light and shade and add a sense of
space and style to your property.
It's easy with the LYSAGHT Living
Collection® Designer Range.

Decks

Engineered to last

All the benefits of steel in the classic Australian deck

Whether it a place for entertaining your friends, or just relaxing with your family, a fully engineered deck from the LYSAGHT Living Collection® is the perfect choice for Australian homes.

With components made from the same high quality Australian-made steel that goes into every one of our structures you're assured of the long term durability of the structural components of your LYSAGHT Living Collection® deck.

When you choose a LYSAGHT Living Collection® deck solution you get all of the benefits of steel including its light weight, straightness, dimensional

stability and the availability of long lengths to suit every unique design challenge.

With every component designed and engineered to your specific requirements you can be sure that you'll be enjoying your LYSAGHT Living Collection® deck for years to come.

Getting your addition

Organising your LYSAGHT Living Collection® home addition can be as easy as calling your local authorised dealer to arrange a measure and quote

To find your local dealer call
1800 044 151

Colorbond®

An experienced home improvement specialist can visit your home and advise on the best LYSAGHT Living Collection® design to complement your needs. With a wide range of options available they can design the perfect addition to your home.

Alternatively, if you're building or renovating, just bring your plans to one of our distributor outlets and,

using the unique design software, they can develop the perfect outdoor solution to your home.

When it comes to installation you also have a choice. Either ask your usual local builder to use a LYSAGHT Living Collection® kit, or call 1800 044 151 to find a local dealer. The choice is yours.

Smart parts™

No challenge is too difficult

Some of the smallest parts of each LYSAGHT Living Collection® verandah, patio or carport also make the biggest contribution to its strength, durability and attractive appearance.

We call them SmartParts™ – the nearly 300 cleverly engineered connectors and brackets which ensure the structural integrity and precision construction of your home improvement addition.

SmartParts™ simplify construction for building professionals and they can give LYSAGHT Living Collection® Do it Yourself projects the same quality finish.

These engineered and tested

components are pre-welded and pre-drilled to maximise assembly accuracy and minimise construction time. They make it easy to follow the comprehensive installation guide supplied with each set of materials.

There's no need to angle cut beams and with a choice of 30 connectors available to resolve issues that sometimes complicate attachment to existing house walls and eaves, no challenge is too difficult.

Made using COLORBOND®

Australian-made COLORBOND® steel

All LYSAGHT Living Collection® home additions feature 100% Australian-made COLORBOND® steel – and that's something we're proud of. Proud because we know that means real benefits for you.

Colorbond®

With beams, cladding and gutters made using COLORBOND® steel* you can be assured that your LYSAGHT Living Collection® home addition has been designed and tested for Australian conditions.

COLORBOND® steel gives you benefits you don't get from other building materials. It won't rot, warp, peel or chip. It can't be eaten by termites and with an oven baked paint finish it doesn't need further painting or finishing when it's installed.

With a range of modern colours to choose from you can design your LYSAGHT Living Collection® addition to blend perfectly with your existing home decor.

Choosing a LYSAGHT Living Collection® home addition means peace of mind. Not only is it made using only the highest quality materials, such as COLORBOND® steel, but every LYSAGHT Living Collection® home addition is backed by the strength and reputation of one of Australia's leading manufacturers – BlueScope Steel.

*Posts and accessory items are manufactured from other materials.

Choice With style

Freestanding or attached, depending on the style, it's your choice how to integrate your new LYSAGHT Living Collection® addition to your home.

Our range of custom designed home additions give you plenty of choice when it comes to deciding on the perfect LYSAGHT Living Collection® design for your home.

Refer to the table to check availability and contact one of our authorised dealers to discuss how they can design a LYSAGHT Living Collection® home addition to suit your needs.

Why choose the LYSAGHT Living Collection® for your verandah, patio or carport?

- Designs to complement almost every architectural style and design
- Freestanding or attached to suit your requirements
- Your choice of COLORBOND® steel roofing or translucent sheeting
- Computer designed to meet your specific requirements
- All steel components are termite, warp and rot resistant
- Fully engineered and checked for structural integrity
- Strong, functional connectors and brackets designed exclusively for use with LYSAGHT® steel components
- Low maintenance – a simple wash down will keep it looking great for years

Choose a LYSAGHT Living Collection® verandah, patio or carport to be sure you're getting the trusted quality that comes from Australia's leading manufacturer of steel building products, with over 150 years experience.

Maintenance: The LYSAGHT Living Collection® is designed for easy care but regular maintenance is essential to retain the appearance and ensure the maximum possible lifespan. Regular washing with clean water prevents the accumulation of dust, salt and airborne pollutants that might otherwise reduce the full life of your addition.
